

SPEED, AGILITY & QUICKNESS

INDIVIDUAL SPEED DRILLS

Following are individual player drills that teach accelerating, decelerating, cutting and turning, with and without the ball.

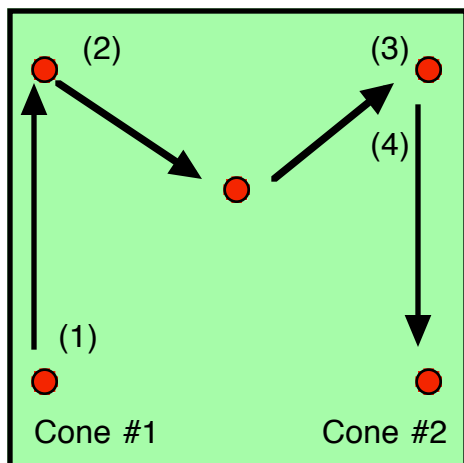

“T” RUN

- (1) Sprint straight for 10 yards
- (2) Stop, Slide Left for 5 yards
- (3) Stop, Slide Right for 10 yards
- (4) Stop, Slide Left for 5 yards
- (5) Stop, Backpedal for 10 yards
- (6) Sprint straight for 10 yards
- (7) Stop, Slide Right for 5 yards
- (8) Stop, Slide Left for 10 yards
- (9) Stop, Slide Right for 5 yards
- (10) Stop, Backpedal for 10 yards

“T” Drill with the ball

Dribble around cones as shown at right

“M” RUN

Start at Cone #1

- (1) Sprint straight for 10 yards
 - (2) Stop, Cut diagonally with Left Foot, sprint 5 yards to center cone
 - (3) Stop, Cut diagonally with Right Foot, sprint 5 yards
 - (4) Stop, Cut diagonally with Left Foot, Sprint 10 yards to finish
- Repeat, but start at Cone #2

“M” Drill with the ball

Dribble around cones as shown at right

“STAR” RUN

Start at Cone #1

- (1) Sprint 10 yards to top cone
 - (2) Stop, Cut diagonally and sprint 10 yards to Cone #2
 - (3) Stop, Cut, Sprint 7 yards
 - (4) Stop, Cut, Sprint 8 yards across “star”
 - (5) Stop, Cut, Sprint 7 yards to finish
- Repeat, but start at Cone #2

“STAR” Drill with the ball

Dribble around cones as shown at right

COACHING POINTS

- > When cutting with the ball, emphasize using the outside of the foot closest to the cone.
- > If training a large group or the entire team, set up enough grids to host no more than 4 players at each.
- > The number of repetitions depends on age and skill level of player(s).
